

## Performance Arts/Education

### PIANO LAB

**\$85/month**

Includes 30-minute private lesson per week and all sheet music

**Lessons scheduled on Tues., Wed. or Thurs. between 1-9 p.m. at the St. Peters Cultural Arts Centre**

**Piano Lab Class:** This class is a true study of music theory. Theory and practice are the most important aspects of piano lessons. We teach you HOW to apply music theory to the piano, which is beneficial for rapid learning, arranging, composing, embellishing left hand, reducing note reading and developing individual styles. Many years of study, practice and experience have gone into this method that has proven successful over and over again for all ages and all levels from beginner to professional.

All classes are taught privately, one-on-one. Every student is different and requires specialized attention; we customize the curriculum each week according to the level of each individual student.

**Computer Class:** We're in a highly computerized world, and it only seems suitable to include the wonderful world of electronics in our study of the piano.

**Traditional Class:** This class provides the foundation for a complete study in all types of piano methods.

Ron Jones and Randy Krueger are certified music professionals with more than 60 years of combined experience. They have dedicated their lives not only to music performance, but also to teaching students the love and appreciation of music.
