Want to improve your mechanics or just learn how to properly pitch the ball?

Instructors emphasize basic throwing mechanics using the windmill motion including balance, proper arm path and proper follow through. Class meets indoors at SPORTS CENTER for 1/2 hour each week & we strictly maintain a 4 to 1 students to instructor ratio. Students are expected to provide their own catcher and bring the following equipment to each lesson: glove, and tennis shoes (no black sole shoes will be allowed). Classes are taught by John Jackson, Dena (Jackson) Derickson and Brittany Sitton. Jackson Pitching Clinics have been operating for over 25 years, and instructors have a cumulative of 50+ years of experience. Beginning Students: Skills are applied to learn how to throw the fastball and change up pitches. Fundamental pitching mechanics are stressed and each pitcher is allowed to develop at their own pace. Int. & Adv. students build on those skills.
