Frequently Asked Questions:

Can parents attend classes?

Yes; however, the classes are for the kids and we will be encouraging all parents to just observe the classes and allow their children to answer and ask questions by themselves.

Can parents drop off their children for the class times?

Yes; however, if you are aware of any behavioral or medical issues with your child, we ask that you stay during the class sessions. We will also request your presence if we experience any problems.

Can non-residents attend?

No. Due to the expected popularity of this program, we are limiting it to St. Peters residents only at this time.

What if I have to miss one or two classes?

Again, due to the expected popularity of the program, we ask that every student signed up for the class attends all the classes. Exceptions will be made for illnesses or emergency issues.

What should my child wear?

We will have t-shirts made for the students to wear at every class session. T-Shirts can be worn with other comfortable clothing they would wear to school.
