Dan Emrick, Director of Golf and Banquet Operations, and Kristen Watkins, Event Marketing and Sales Specialist, gave a slideshow update on the progress of Water's Edge Banquet Center; which has been open for business since fall of 2019. Mr. Emrick remarked that they have met or exceeded the sales goals and rental agreements since they've opened for business. Ms. Watkins spoke of their success so far and the marketing efforts, including social media; which have proved beneficial.

- FY20 STAFFING RECOMMENDATIONS – EMRICK/MALACH/PHILLIPS

Dan Emrick requested to add one (1) part-time Banquet Operations Specialist in the 2020 Fiscal Year with a budget adjustment. This new position will assist with management, administrative duties, customer service and support with extended business hours that are planned. With no further comments or questions from the Board of Aldermen, Alderman Reitmeyer moved and Alderman Violet seconded the motion to approve the budget adjustment to add the part-time position at the Water's Edge Banquet Center. All in favor, the motion was approved.

City Administrator Batzel recounted the Health & Environmental Services (HES) department's recent reorganization, where the department's responsibilities were divided between the Transportation and Development Services (TDS) and Water and Environmental Services (WES) departments. Mr. Malach explained there is a need to add funding for a part-time Office Clerk to the Scale House at Recycle City. One of the current part-time Office Clerk positions at the Scale House is funded out of the Health and Animal Control budget. Due to the reorganization, the funding for this position moved to TDS as part of the Health and Animal Control budget. This request would not be adding

another employee to the Scale House, it is a request to add the funds to the WES budget for the part-time Office Clerk position that was moved to TDS. This was originally requested through the FY21 budget; however, in order to keep the scale house fully staffed, Mr. Malach requested the part-time office clerk position to be filled now and a budget adjustment to be made at a later date. With no comments or questions from the Board of Aldermen, Alderman Bateman moved and Alderman Reimer seconded the motion to approve a budget adjustment to add a part-time Office Clerk to the WES budget. All in favor, the motion was approved.

Vicki Phillips stated that the natural areas in the City's parks are in decline and need improvements by tackling and eradicating invasive plants. The Parks Department would like to make a focus on improving these natural areas, without compromising the existing services already offered in the Parks Department. She requested to transfer funds in the FY20 budget from the Regular salaried employee fund to part-time salaried employee fund to allow the hiring of two temporary part-time employees to work 1500 hours each annually. With the slight surplus in the budget due to recent retirements, funds are available. The new employees will remove invasive plants and replace with native plants and trees which help clean storm water and create a natural habitat for animals. Ms. Phillips spoke of partnering with the Water Environment Services (WES) storm water group to work along with their stewardship program for restoration projects to receive the environmental benefits the native plants will offer. Ms. Phillips answered questions from the Board of Aldermen related to job requirements, training, and the herbicide product used during eradication. With no further comments or questions from the Board of Aldermen, Alderman Reitmeyer moved and Alderman Violet seconded the motion to approve the addition of two part time Parks Service employees. All in favor, the motion was approved.
