Use of a St. Peters park, athletic field, trail, banquet center or meeting room	Exclusive use of a park or facility for an organized activity will require a reservation in the form of a Facility Use Permit Agreement. Use of a trail or sidewalk inside a park as part of a special event or activity	Use of a trail or sidewalk in a park as part of a special event or activity (5K, 10K, walkathon, etc.) requires approval from the Parks Department. If the route goes outside a park, approval is required by the Police Department in the form of a Parade Permit (see below). Keep in mind that trails must remain open to the public at all times. In many cases, a reservation of a picnic shelter must coincide with trail reservations to ensure parking access to the event. Timed races may be limited to 370 Lakeside Park.
Use of a City street, sidewalk or crosswalk outside of our City's facilities, parks or trail system	Parade Permit or Block Party Permit approval is required through the Police Department. Main arterial streets are not available for Parade or Block Party permits. The Police Department encourages the use of our City's park trail system for all timed races (5K, 10K, walkathon, etc.). Bike events require a Parade Permit, and the route must be on marked roadway bike paths. Block Party requests are specific to residential neighborhood gatherings.
