# The Memorial Program

Beautify your community with a memorial to commemorate a special event or to honor the memory of a loved one.

Donating to the Memorial Program is a wonderful way to celebrate a special person or event.

The Memorial will stand in tribute for many years to come, providing future generations with a lasting legacy of shade, beauty, and comfort.

To donate a Memorial Tree, simply complete the form on the back of this brochure and return it with your donation to the City of St. Peters Citizen Action Center. Payments by credit card can be made in the main lobby of City Hall during normal business hours.

There are a wide variety of shade, ornamental, and evergreen tree species available. Only the best, specimen-quality trees purchased from reputable local growers and nurseries are used as Memorials. These trees are then installed and maintained by certified arborists and other skilled Parks Department staff.

Memorial trees can be planted on any public property

within the City of St. Peters including parks, recreation trails, and City-owned facilities. Things to consider when choosing a planting location include: tree species, site needs, and planting restrictions in certain park areas. Donors are encouraged to work with Parks Department staff to pick the best species and planting site for their Memorial Tree.

A decorative memorial plaque can also be installed with your tree for an **additional charge**. There are three styles of signs to choose from: engraved plastic, etched aluminum, and cast bronze. All signs are 3 1/2" square and installed at the base of the tree.

Memorials are installed only between the months of March and May. Donations received after May 31 will not be planted until the following spring. All persons included on the application will be contacted by mail at the time of the donation and again when the tree is planted.
