MESSAGE from the CHIEF

St. Peters Police 2011 Annual Report

My Fellow Citizens,

Today I am privileged to present to you the St. Peters Police Department's 2011 Annual Report.

2011 again proved to be an important milestone year in the history of the St. Peters Police Department as denoted within the pages of this report. The statistical information compiled herein certainly communicates the fact that our community remains a safe environment in which to live or conduct business.

Our new St. Peters Justice Center has been fully operational throughout 2011 and has exceeded our expectations in providing both staff and citizens with a well designed and efficient facility for conducting municipal police, emergency management, courts and legislative business.

As I look back over 2011, I again marvel at the dedication and accomplishments of the members of this agency. The men and women of the St. Peters Police Department are without a doubt some of the finest law enforcement personnel within this nation. I am both honored and grateful to have had the opportunity to serve both them and you as your Chief of Police during the past year.

Sincerely,

Thomas A. Bishop
Chief of Police

DEPUTY CHIEF'S MESSAGE

St. Peters Police 2011 Annual Report

Dear Citizens,

Thank you for your continuing interest in our annual report. As the Deputy Chief, Bureau of Support Services, I serve with the outstanding people who manage and operate our communications, records, and property management systems.

The Police Records Section submits our crime data through the Missouri Incident Based Reporting System (MIBRS). We are participating in the Missouri Data Exchange (MODEX) program to share local crime information across the state. The MODEX project will link users to the National Data Exchange (NDEX) project. NDEX participants have access to local criminal justice information from across the nation. These services are available without cost to the community and contribute significantly to both local and national crime fighting efforts.

The Police Department continues working on behalf of the City with our regional government partners to implement a new radio network. Our project milestones for 2011 were met, with the issuance of contract awards. Projects for 2012 include finalizing local system design and equipment requirements.

On behalf of the Bureau of Support Services, thank you for your support.

Sincerely,

A handwritten signature in black ink that reads "Michael D. Townsend".
