MESSAGE FROM THE CHIEF

St. Peters Police 2016 Annual Report

Dear Residents of St. Peters,

It is my honor and privilege to present the St. Peters Police Department Annual Report for 2016.

As your Chief of Police, 2016 has once again been a year of dedication and commitment by members of this agency. It is with much gratitude that I thank them for the fortitude and loyalty in making our community one of the safest places to live, work, play and visit.

The Annual Report provides a summary of the Police Department's activity during 2016 and an overview of department operations. The report also contains information on crime and incidents reported. Our expectation is to always address calls for service and the managing of information related to crimes, in the most efficient and comprehensive way, while striving to improve the quality of life for all our residents.

While the City of St. Peters is not impervious to crime, only minute increases in major crime or misconduct have occurred in the last few years. To evolve and progress, we acknowledge that the information compiled in these reports assists us in further improvements to prevent crime and disorder throughout St. Peters.

In closing, the St. Peters Police Department wishes to convey their appreciation to the community of St. Peters for the expressions of support and kind words directed to our department throughout 2016. Working together, we can facilitate partnership with confidence and problem-solving.

Sincerely,

Jeff Finkelstein
Chief of Police

CAPTAIN'S MESSAGE

St. Peters Police 2016 Annual Report

Dear City of St. Peters Residents,

Thank you for reviewing the 2016 St. Peters Police Department Annual Report. As the Captain over Bureau of Field Operations, I am responsible for the Criminal Investigations Division, Patrol Division and the Community Services Unit. These units constitute the majority of the sworn officers of this department.

Effective with the fiscal year 2016, the St. Peters Ranger Division transitioned to become part of the St. Peters Police Department. Prior to this, the Ranger unit was a component of the Parks Department. Even though the St. Peters Park Rangers' role has not changed in the community, it has expanded the abilities of both the uniform patrol and the Ranger units by streamlining services and ensuring consistent policies, training and supervision of all of the City's law enforcement functions.

In addition, we recently acquired equipment to serve our community better. Segway personal transporters were purchased for the Park Rangers to conduct more thorough patrols on our park paths. These units mount on the rear of Ranger vehicles allowing for easy deployment. The transporters provide enhanced access and visibility for the officer. The City also recently purchased an additional radar trailer to record traffic violation data. These units allow us to capture raw numerical date/time/speed data in the area of deployment. Typically, the focus areas are determined by citizen or aldermanic concerns for ongoing traffic violations. The data collection is often the first step in formulating an enforcement plan to address traffic issues brought to us by our residents. The St. Peters Police Department is always looking for new ways to patrol our community, solve crimes and continue to forge a positive relationship with our residents. These are just a couple of examples of the items we use every day to keep our city safe.

Law enforcement is an ever-evolving profession, which is one of the reasons many of us picked this career. 2017 will not be any different as departments throughout the State of Missouri implement major updates to the Missouri statutory code. As the criminal justice community navigates through these new changes, I am confident our policing will continue to be prompt, professional and thorough.

Lastly, I would like to thank you, the resident and/or business member in St. Peters. I have mentioned it before and I believe it is never more important than now. Law enforcement is not and cannot be a stand-alone endeavor. We are all part of this community. Without your assistance and support we cannot be successful. We continue to succeed as a City and a Police Department because of you and your efforts to keep St. Peters safe and beautiful.

Sincerely,

Captain Rick Struttmann

CAPTAIN'S MESSAGE

St. Peters Police 2016 Annual Report

Dear St. Peters Residents,

Thank you for your interest in the St. Peters Police Department.

I am proud to work with the exceptional people who serve in the Bureau of Support Services. The Bureau of Support Services is the behind-the-scenes group that is essential in keeping the Police Department well-organized and running in the most efficient manner. It includes the Police Department's Corrections, Communications, Records, and Property Divisions.

The Corrections Division processes and cares for adults taken into temporary custody by members of the St. Peters Police Department prior to their transfer to another facility or release.

The Communications Division operates our 911 system and provides 24-hour police dispatch services for the Department. They provide the essential link between public requests for police services and the prompt response of our officers.

The Records Division maintains all of the documentation generated by our Police Department. Employees in the Records Division ensure we abide by state and federal rules for maintaining and releasing Department documents needed for investigations and legal proceedings or in response to public requests.

The Property Management Division is responsible for managing evidence seized by our officers and detectives. They ensure legal guidelines are followed with regard to chain of custody and evidence management. This preserves the integrity of our evidence for criminal prosecutions. This group also manages Police Department supplies, vehicles and building maintenance.

Our goal is to provide excellent service and support to both the public and to our fellow employees. Please call on us whenever we can help. We look forward to serving you.

Sincerely,

Captain Jim Schmidt

Citizen Police Academy

Fiscal Year 2017 Objectives - Continued from page 7

5. Transition to digital archiving of police records.

- a. Replace the existing microfilming system used for archiving police records with a digital archiving system.
- b. Develop processes to begin immediate, in-house, digital scanning of all police reports created after Jan. 1, 2017.

6. Continue to develop and implement procedural and administrative adjustments required by Missouri criminal code Revision (SB 491 and HB 1371) effective Jan. 1, 2017. The Missouri criminal code (RSMO) will undergo significant revision, including statutory revisions, crime classification revision, and Missouri charge code revision.

- a. Identify departmental programs which will be impacted by upcoming statutory revisions. These programs include record management systems, offense and arrest systems, and Missouri Incident Based Reporting System (MIBRS).
- b. Develop and implement processes and procedures to address affected departmental systems.

Prior Year Accomplishments (Fiscal Year 2016)

- The Police Department's main task for FY16 was to develop and begin implementation of procedural and administrative adjustments required by the Missouri Criminal Code Revision (SB 491 and HB 1371) effective January 1, 2017. The Missouri Criminal Code (RSMO) underwent significant revision, which included statutory revisions, crime classification revision, and Missouri Charge Code revision. The Missouri Charge Code component was previously modified as of January 1, 2016, and the department successfully incorporated these requirements into our arrest (REJIS) and fingerprint systems (LIVESCAN/AFIS). We are continuing to work on identifying departmental programs that will be impacted by upcoming statutory revisions. These programs may include court software, e- ticketing, Police Record Management System, offense and arrest systems, and Missouri Incident Based Reporting System (MIBRS).
- A second task for FY16 was to expand the use of electronic citation software (E-ticketing) in our patrol fleet. By using this system, we eliminated the duplication of traffic citation information by court and records personnel. During FY16, E-ticketing was successfully implemented in the patrol fleet, and system tools are now being developed to analyze common geographical violation locations. We will continue to use this analysis to assign additional patrol resources to areas of frequent traffic complaints that are consistent with traffic crash and violation data.

Criminal Investigations Division - Continued from previous page

Is there a significant mode of operation or significant physical evidence? If none of those factors exist in a case, it is not normally assigned to this division. The Criminal Investigation Division does not generally investigate misdemeanor crimes or municipal ordinance violations. Those cases are handled by the Patrol Division with the help of the Criminal Investigation Division when needed.
